Hi Jeff: People are slowly trickling back to the office this week, so things should be back to normal by the time you return.

No action items from SMT – it was mostly Animas re-cap, ELDP presentation, and usual go-around. NV grants stuff has not yet been covered (and was not mentioned today.)

## **Nonresponsive Discussion of Personal Matters/Ex. 6**

I'll be around tomorrow if you want to go over anything – otherwise, you should have a fairly calm re-entry. Talk to you then - Steven
